### ABOUT AUVSI

The Association for Unmanned Vehicle Systems International (AUVSI) is the world's largest non-profit organization devoted exclusively to advancing the unmanned systems and robotics community. Serving more than 7,500 members from industry, government and academia, AUVSI is committed to fostering, developing, and promoting unmanned systems and robotic technologies.

### ABOUT THE REMOTE PILOTS COUNCIL

The AUVSI Remote Pilots Council (RPC) was established to provide a forum for remote pilots to engage directly with one another and the FAA through ongoing in-person meetings, webinars, and surveys. The Council will provide feedback on real-world operation of UAS, including operational challenges and potential solutions for the industry and regulators, and prioritize the community's needs for additional regulation and improvements to existing regulation.
